

Release Notes

February 08 2016

These Release Notes are intended for users and administrators of Lockdown and JailATM.com. They provide you with information about Lockdown and JailATM.com updates, including the new features of this release and important changes since the previous one.

We recommend that you read this document before installing and using Lockdown.

This document may be updated after it is released.

Enhancements

- 8.0.204.0 Lockdown - Reports - Updated Date on Deposit Details Report**
Modified the report to show the date entered and date posted when a deposit is reconciled before it is entered.
- 8.0.205.0 Lockdown - Shortcuts - F11 Opens Admin Options**
F11 will now open Admin Options
- 8.0.206.0 Lockdown - Transactions - Custom Date Range on Fix Transaction Screen**
Added an option to specify dates on the fix transaction screen. This allows the loading of older transactions without having to use the All Dates option.
- 8.0.207.0 Lockdown - Reports - Bond Payment Reports Rework**
This update includes a redesign of the Bond Agency Payments report in order to make the report more readable and helpful to the reader. The "Court Date" and "Court Room" fields were also added to this report. These fields were also added to the Bond Payment Receipt that a depositor receives when they make a payment toward a bond at the facility.

Fixed Known Issues

- 8.0.202.0 Lockdown - Phone Transactions - Credit Card Phone Transactions In Lockdown**
A transaction was being recorded on the gift card fund in Lockdown when a phone credit card purchase was made on the kiosk. The money for these transactions goes straight to the phone company, so there is no reason for a transaction to be recorded in Lockdown.
