

Release Notes

May 26 2015

These Release Notes are intended for users and administrators of Lockdown and JailATM.com. They provide you with information about Lockdown and JailATM.com updates, including the new features of this release and important changes since the previous one.

We recommend that you read this document before installing and using Lockdown.

This document may be updated after it is released.

New This Release

- 1.2.0.27 Added Email Notification**
Added optional email notification for any resident who receives a new message (while logged in). The notification will generate a pop up followed by the audio playback "You Have New Mail." Kiosk Version: 1.2.0.27
- 8.0.11.0 Added eForce JMS Interface**
Added a new JMS interface for eForce.
- 8.0.15.0 New JMS BeeCCS**
We have added a new JMS called BeeCCS.
- 8.0.25.0 Credit Reasons**
Credit Reasons is a module within Lockdown which allows the facility to choose from a list of predetermined reasons defined by the warehouse for the credit jails issue. These reasons will then control if the credited item is returned to inventory or not.

Enhancements

- 1.2.0.27 Created InTouch Charging Mode**
Added ability for InTouch Tablets to turn off display while charging to save battery life. Kiosk Version: 1.2.0.27
- 8.0.1.0 Period Invoice Filtering Updates**
Period invoices can now be filtered based off invoice type. (Standard, Indigent, Collect)

- 8.0.20.0 Pennington Zuercher JMS Improvement**
Will now accept address information from the Pennington Zuercher import.
- 8.0.20.0 Update to JailTracker JMS**
JailTracker will now automatically create a daily fee for residents who have been closed and reopened the same day. This fee will mimic their normal fees with the exception, it will start the next day.
- 8.0.21.0 New Pin Format for Lattice**
Created a new Pin format for Lattice. Date of Birth (MM/dd/yyyy) + last 4 digits of Resident ID.
- 8.0.24.0 PayMyJailer Optional Facility ID**
Added an Optional Facility ID to be appended onto the PayMyJailer Export.
- 8.0.6.0 DSI Evolution JMS Update**
The DSI Evolution JMS interface will now import resident address and SSN information.
- WEB Workflow Report Modification**
The 'Type' dropdown has been changed to 'Workflow Group' and also added a 'Workflow' dropdown. The Workflow dropdown will change/populate based on the Workflow Group selected. If Haircut is selected then only Haircut workflows will be shown and the report should only show Haircut Issues

Fixed Known Issues

- 1.2.0.27 Audio Levels Automatically Reset On Login.**
The application audio levels will be reset to 100% when an inmate logs in on the InTouch Tablet. Kiosk Version: 1.2.0.27
- 8.0.1.0 Credit Invoice Fix**
Fixed a rare issue where indigent credits were not separated from standard credits when posting.
- 8.0.11.0 Partial Credit Receipts Fail to Print**
When performing the "Partial Credit" fix action on a bill, receipts would not print regardless of receipt printing settings
- 8.0.20.0 Resident Debt Collections takes into count voids.**
The Resident Debt Collection report will now consider voids when showing the report.
- 8.0.29.0 Addressed Issue With Securus Web Service**
A resident with a 0 pin will now generate the correct error instead of a null reference error.
- 8.0.29.0 Addressed Issue With Securus Web Service**
Null Reference when Logging a specific error will no longer occur.
- 8.0.3.0 Fixed an issue that caused version 2 product files to not import**
There was an issue with version 7.0.1304.0 that caused version 2 product files not to import. This release will fix that issue.
- WEB Cleaned Up Kiosk Start Up**
The kiosks will no longer show unnecessary information panes when booting up.
