2016-10-10 Release Notes

Release Notes

October 10, 2016

These Release Notes are intended for users and administrators of Tech Friends' Application Suite. They provide you with information about updates that have taken place to one or more of our applications, including the new features of this release and important changes since the previous one.

We recommend that you read this document before installing and using any associated Tech Friends' application.

This document may be updated after it is released.

New This Release

Release Version	Release Title	Release Description
8.1.6.0	Lockdown - Resident IVR - New Features	Added functionality to manually hide the charge type so that the attendant will ignore it. Also added the ability to give the resident visitation schedule information, as well as the hold reason. These options are configurable in Lockdown.

Enhancements

Release Version	Release Title	Release Description
1.2.0.79	JailATM.com - Kiosk Software - Improved Video Call Performance	Disabled GPU acceleration on the chromium browser resulting in improved video call performance. Video calls on some new hardware should not freeze in the middle of a calls now.
8.1.6.0	Lockdown - Reports - "Billing: Resident"	Billing reports now can be ran with groups so that only the groups selected will appear in the report
8.1.6.0	Lockdown - Reports - "Money Receipts ACH Deposits"	Added Report Under Financial Reports/Cash Drawers for "Money Receipts ACH Deposits."
WEB	JailATM.com - VideoCalls - Improved Descriptiveness of Error Messages	Fixed the error message that occurred when an internal call exists at the time a user is attempting make an external when both calls are for the same user. The error message now tells the user when the call they are trying to make is conflicting with a previously scheduled call.
