We recommend that you read this document before installing and using Lockdown.

This document may be updated after it is released.

New This Release

7.0.1112.25 Lobby ATM (Kiosk) - ATM Transaction Picture Verification

This adds functionality for picture verification during ATM transaction. It ensures that the user's face and photo identification is presented during the transaction. This option can be enabled and disabled in the "Camera" tab. ATM Version: 7.0.1112.25

8.0.146.0 Lobby ATM (Kiosk) - View ATM Transaction Pictures From Lockdown

This features allows the user to view the ATM transaction verification pictures associated with that particular transaction on the inmate's transaction list. It also allows the user to view a blown up image if they click on the preview images on the bottom right. This option is turned on by putting the location of the pictures in the "Transaction Picture Path" field under the ATM tab in user options.

WEB JailATM.com - Reporting - DataShare

DataShare is an optional feature where a facility can make their current resident roster available to other officers and law enforcement who use JailATM.com. This will allow the user the ability to quickly look up an active resident across all facilities that have opted into DataShare.

WEB Tablets - Features - Books

Added the ability to have books on tablets

WEB JailATM.com - Reporting - Gold Pass Location Tracking

This will add the ability to see an inmate's location when the pass is purchased for them and when it is activated.

WEB JailATM.com - Reporting - Current Gold Pass Report

This places in a report for seeing currently active and pending gold passes for a facility. It's currently available to any officer at a facility with tablets.

Enhancements

- 8.0.143.0 Scanning - Optional Remove All Non-numeric Characters From ID**
